### Central Boiler E-Classic 3250 Titanium

List Price: ~~\$17,165.00~~

Our price: **\$17,165.00**

Prices include incoming dealer freight. "Our Price" is net of current rebate and is not available with Central Financing.

The Titanium Series model is the latest cutting edge version of the E-Classic line. It offers the same features and benefits of non-stainless steel models with the added benefit of a stainless steel firebox assembly:

*Provides superior firebox corrosion resistance*

*Allows for longer burn times*

*Extends life of furnace*

*Adding the proper water treatment BEFORE adding water to the system is critical for stainless furnaces. Be sure to review the Owner's Manual and Warranty/Registration for requirements. Contact us for more information.*

Approved for Residential or Non-Residential use
